A Message from Principal Kolb

As we embark upon the final weeks of this school year, I am excited for all the wonderful events still to come as well as the preparations for next year. We have our Amazing Shake Competition, Field Day, Senior Prom and Graduation still to come. We had a busy April, students took their mandatory state assessment tests, our Student Council held their officer elections and our new DNA Boxing class started.

We are busily preparing for the next school year by finalizing our school calendar, curriculum, student activities and professional development for staff and much much more.

Parents and guardians, please note if you have a graduating senior to check email for up to date communications on your Senior. Also, parents please take the time to review your child's academic progress via Progress Reports. As the school years draws to a close, I'd like to encourage all students to work their hardest to achieve academic excellence in all their classes at Castle East! As always, feel free to reach out with any questions or concerns.

The Amazing Shake is a dynamic and exciting live competition that rallies leaders and role models in a school's community together to teach students about professional skills for success.
